Serial No.	
3	Letter no. Dy-228-33 dated 23rd May 1934 from the Dir. of Agriculture recommending that the three Sericultural Probationers may be confirmed at least on Rs. 100/- a month so that they may have the benefit of the Insurance Scheme.
	There are now three Probationers in the Sericultural Department. They were all started on a pay of Rs. 75/- p.m. and are now drawing Rs. 100/- p.m. each ~~from the date of their appointment~~ from 1st July 1931.
Seri. 13-31 (1-2)	2 In G.O. no. D.12977-8 Seri. 113-28-2 dt. 7.6.29, Govt. directed that three Probationers be placed in the grade of Sericultural Inspectors on Rs. 100-10/150 on confirmation. In G.O. no. D. 1213-14 Seri. 13-31-29 dt. 26th August 1931, the Director was requested to absorb the Probationers in Sericultural appointments when they fall vacant.
(also Seri 13-31-4)	3 There have been no vacancies in appointments on Rs. 100-10/150 and the Confirmation of the Probationers has consequently been delayed.
	4 The Confirmation was proposed involving the creation of 3 new posts of Sericultural Inspectors on Rs. 100-10/150 against the Posts of Probationers. There will be no direct cost immediately as it is proposed to give them only Rs. 100/-

I take it that these three probationers are proposed to be confirmed by creating three additional posts because there are no vacancies in the sanctioned posts. If this proposal should be sanctioned for special reasons (the additional posts and) the probationers may be treated as supernumerary until they are absorbed in sanctioned vacancies. I see from the budget that there is a post of a temporary Senior Inspector on Rs 100/- In view of the addition (temporary) of three posts to the cadre and the absorption of the three probationers, the temporary post may be abolished.

SIR,

dup No 88/33

With reference to your letter No. D. 4041/Seri. 76-33-2 dated the 19th Febry. 1934 stating that the confirmation of the three Probationers in the Sericultural Department and the appointment of two Probationers will have to be put off as they involve extra recurring expenditure, for which there is no scope for the present, I have the honor to state that as reported in my letter of even No. dated the 18/19th January 1934, the confirmation of the existing Probationers has already been delayed for a very long period inspite of their having been put on important independent works long ago.

Seri 76-33-1 A

In this connection, I submit herewith for the information of Government, a copy of the representation of Mr. A. T. Janakiram, one of the Probationers working at the Government Silk Farm, Chennapatna, requesting for confirmation early, a copy of the recommendation of the Assistant Superintendent of Sericulture thereon and a copy of the Superintendent's report in the matter. The Superintendent of Sericulture strongly urges for the very early confirmation of the present three Probation-ers for reasons explained in his report.

I fully agree with the Superintendent of Sericulture in the matter. The present three Probationers in the Sericultural Department are all men with brilliant University careers and they entered the Department in the hope that their prospects here would be bright and that they would get early the promised grade of Rs 100-10-150. They have all put in more than four year's service and have been very satisfactorily discharging the important duties entrusted to them. It has been a great disappointment to them to find themselves in spite of hard and good work, still Probationers, while Probationers in other Departments have already been confirmed long back. That they are not confirmed comes in the way of their insuring in the official branch of the State Life Insurance.

The whole-hearted and enthusiastic services of the Probationers of the Sericultural Department is very necessary now to the Department for taking on hand the all round development work required to assist the Sericulturists of the State to take full advantage of the protection recently granted by the Government of India to the Sericultural Industry.

In these circumstances, it is very necessary that the existing three Probationers of the Sericultural Department should be immediately confirmed as Senior Sericultural Inspectors on -

13

on Rs 100-10-150. The extra cost involved at the outset will not be heavy as the first increment due to them -- amounting in all to Rs 30/- would be due to them only at the end of the next year.

I request you to kindly obtain orders of Government to confirm the existing three Probationers of the Sericul-tural Department as Senior Sericultural Inspectors on Rs 100-10-150 each. If this is not possible, they may at least be confirmed on Rs 100/- a month so that they may be enabled to insure their lives and get the other advantages accruing on confirmation.

I have the honor to be,
Sir,
Your most obedient servant,

Director.

Subject and Reference :—

SIR,

With reference to your No. D4-228/33-34 dated 27th March 1934 forwarding to me copy of letter No.D.4041/Seri.76-33-2 dated 19th February 1934 from the Secretary to Government Development Department, stating that the question of confirming the three Sericultural probationers as Senior Sericultural Inspectors has to be put off, I have the honour to submit that it is realy very hard on these probationers to continue as probationers for some more years since they have been probationers for over five years and for over 4 years. I submit herewith for favour of ready reference copy of Government order No. D.12977-8/Seri.113-28-2 dated 7th June 1929. According to this Government Order the probationery period may be extended by Government if the probationers are found unsatisfactory. But if found satisfactory the probationers will on confirmation be placed in the grade of Senior Sericultural Inspectors on Rs 100-10-150.

In my letter No. 3563 of 12-1-1934, I have already submitted that all the three probationers have proved satisfactory, have shown aptitude for Sericultural work and are in charge of important Sericultural work. The probationers in other Departments have been confirmed in graded appointments but in a new Department like the Sericultural Department there is no chance of the Probationers being ~~continued~~ confirmed unless new places are created. I presume the spirit of the Government order dated 7th June 1929 was to create new

new posts in the Sericultural Department to absorb these probationers. Unfortunately owing to financial stringency, the three probationers in the Sericultural Department have not been confirmed in spite of their having put in more than 4 years of service and in spite of their satisfied the conditions laid down by Government in thier order dated 7th June 1928. These young men are losing benifits of the Insurance scheme also.

Now that the Government of India have afforded some amount of protection to the indigeneous Silk Industry and expect the Industry to be re-organised with in a short space of five years, it is absolutely necessary to have capable and well trained young men to work in the Depattment. If the probationers who have been working hard and enthusiastically are given some encouragement by confirming them as Senior Inspectors), it would put heart with them and induce them to do their best for the re-organisation of the Industry. I beg that you will kindly move the Government to reconsider their order dated 19th February 1934 so that the three probationers are confirmed as Senior) Inspectors on Rs 100-10-150 immediately.

I beg to submit herewith copy of letter No. 6318 dated dated 24-4-1934 received from the Assistant Superintendent of Sericulture along with copy of the representation of Mr. A.T. JanakiRam.

I have the honour to be,
Sir,
Your most obedient servant,

Superintendent.

KSR. 4.

Copy of letter No. 5318/Encl.2.dated 24th April 1934 from the Assistant Superintendent of Sericulture, Government Silk Farm, Channapatna to the Superintendent of Sericulture, in Mysore Mysore.

I submit herewith the representation of Mr. A.T. Janaki Ram B.Sc., Sericultural Probationer working in Channapatna Farm for very favourable consideration, I beg to state that the case of all the three Probationers has to be considered simultaneously as one of them was appointed in 1929 and the other two in 1930. These Officers have therefore put in a service of 5 years and 4 years respectively. Mr. A.T. Janaki Ram has woked under me for a little over 3 years and during this period he learnt work assiduously in all the branches of Sericulture and has been carrying on research work on Multivoltine Silk-Worm embryology correlated with Refrigeration experimens. He has been doing experimental work on Mendelian principles also. During my deputation for 4 months and a half on special duty in connection with the Tariff Board work and again for about one month during my deputation period to Simla, he was in charge of Channapatna Farm and Circle. He discharged himself creditably. He is hard working, conscientious, intelligent, has sense of responsibility and ideals of service. I strongly recommend that he may be confirmed along with other probationers to enable him to get at least the benifits of Insurance Scheme which he is denied at present.

I may add that the Probationers in our Department are all men of with brilliant qualifications and their Colleages in other Departments have already been confirmed in graded appointment Considering the length of service qualifications and also anologies if they are permitted, it is only just to say that the case of the Probationers deserves immediate consideration which has been long delayed due to financial stringency. I beg in conclusion to request you to approach Government for the confirmation of the Probationers, very early.

S i r,

I beg to submit the following for favourable consideration.

I was appointed Sericultural Probationer on 1st March 1930 in consonance with the notification published in the Mysore Gazette dated 7th November 1929 by the Director of Industries and Commerce a copy of which is herewith submitted for ready reference.

I beg to state further that prior to my appointment in this Department I was in the Mysore University holding a substantive post of a Demonstrator in Zoology in Grade Rs75-10-125. I had put in a service of nearly two years and I was drawing a pay of Rs85/- per mensum at the time I left the Department to join my post in the Sericultural Department.

I was detailed for training in Sericultural Department for a period of one year during which period I underwent the training with diligence. From 1st of July 1931 i.e. after one year and four months I was given Rs 100/- without grade and confirmation. It is already four years since I joined the Depatment and I have qualified myself in all the branches of work..At present,I am carrying on research work under the guidance of the Assistant Superintendent of Sericulture, Channapatna.

I beg to request that you will be so good as to approach Government to confirm me as Senior Sericultural Inspector, otherwise I lose the benifit of even insurance.

Incidentally, I may mention that Probationers in other Departments who entered about the same time as myself have already been confirmed in graded Gazetted appointments.

I beg to remain,
